KD50 DRAWER

The new Drawer compressor minibar KD50 has an elegant design and it is customizable according to the customers' needs. It allows the operators to play with it and to place it in unusual or reduced spaces creating alternative solutions, with an innovative design. The new concept of minibar is silent and smart, it provides a drawer system for being easily accessible from above. Products are well visible thanks to the two refrigerated compartments which easily become a single one.

- New pull-out design;
- Available with standard or wooden customizable door;
- Energy management with Patented "Smart Technology";
- In compliance with the European Energy Efficiency Regulation 643/2009.
