

LTX-3

17" LAPTOP SAFE

EXTRAORDINARY INNOVATION

Safemark's LTX-3 combines technology and durability with sophisticated design. Boasting four distinctive finish options and a curved, elliptical face, the LTX-3 collaborates the passion of more than 300 industry designers and security experts. The durable, 13 gauge body is equipped with Safemark's innate security features including two steel locking bolts, cold-rolled steel door and cleverly concealed emergency access. The illuminated LTX-3 display highlights guest-friendly instructions to easily secure valuables including 17" laptops.

DESIGNER FINISHES

Designed for those in pursuit of the bespoke guest room, the LTX-3 unites elegance, durability and performance. Available in four distinctive finishes, the LTX-3 houses 17" laptops and much more. In addition to standard finishes, thousands of custom options are available for an additional charge.

Provide guests with peace of mind and freedom to explore knowing their valuables are secured in a Safemark safe.

DEPENDABLE SECURITY

Hotels depend on reliable, emergency access to their safes and Safemark's industry-leading override systems deliver confidence. Safemark will undoubtedly meet your security needs while maintaining the design integrity of your guest room.

Medeco™ Key Override

MEDECO™ KEY OVERRIDE SYSTEM

Concealed behind a magnetic plate, the UL-rated Medeco™ cylinders are customized to each property with a unique pinning code. Unlike skeleton keys, the Medeco™ key cannot be easily copied and additional keys are only available from the manufacturer with proper authority. The lock is virtually pick proof and cannot be bumped.

Emergency Handheld Override

EMERGENCY HANDHELD OVERRIDE (EHO)

Safemark's EHO provides added security with password protected access via easy-to-use Windows® software. This comprehensive audit trail saves both time and money while reducing fraudulent liability claims.

EHO FEATURES

- > Windows® Software
- > Multi-Level Password Security
- > PC/Network Backup Capabilities
- > Industrial-Strength
- > Battery Indicator
- > LED Display
- > Property Customization for Length of Countdown and Number of Entries Before Activation

SPECIFIED AND APPROVED BY TOP HOTEL BRANDS

For over 30 years, Safemark has built exceptionally engineered safes while balancing the unique needs of designers, operators and hotel guests. With an impressive global installation base of more than one million safes, Safemark is approved and utilized by nearly every major hotel brand with installations ranging from luxury to economy properties. Safemark will undoubtedly meet your security needs while maintaining the design integrity of your guest room.

WHY CHOOSE SAFEMARK

24 HOUR TECHNICAL SUPPORT

Our certified technicians and global partners are available at all hours of the day to ensure hotels get the most from their investment. Utilizing modular components, your engineering staff will have quick access to spare parts for on-the-spot repairs. Safemark safes are not over-engineered and require little maintenance.

WE MANUFACTURE OUR SAFES & MAINTAIN COMPLETE CONTROL OVER PRODUCT INTEGRITY

Why gamble when Safemark guarantees spare parts for the life of each safe and performs routine quality checks throughout the manufacturing process. Be confident of securing your guest's valuables today and for many years to come.

\$10,000 WARRANTY AGAINST FORCED ENTRY

In addition to our standard manufacturer's warranty, Safemark is the only safe company that stands by their products with a global warranty against theft by forced entry.
